

FIGHTS POVERTY 10% OF SHEAMOISTURE COMMUNITY COMMERCE

sales go to women-led businesses, to support communities that supply ingredients for our products, or to support the Sofi Tucker Foundation.

We founded Community Commerce to support these communities, especially those that source and make some of the key ingredients in SheaMoisture products. We help fund training and infrastructure to help them manufacture their own high quality goods in their own countries, and get fair prices for their goods and labor. This helps them to earn a better living and support their families, making a better life possible within their communities.

It's not a donation. It's an investment in a fairer world.

OUR STORY

Our Grandmother Sofi Tucker started selling Shea Nuts at the village market in Bonthe, Sierra Leone in 1912. By age 19, the widowed mother of four sold Shea Butter, African Black Soap and her homemade hair and skin preparations all over the countryside. SheaMoisture is her legacy.
