

GET TO KNOW ME BETTER

I have nothing to hide. Here are the benefits of all of my ingredients:

DID YOU KNOW ALL PROTEIN STARTS WITH PLANTS?

Mother Nature certainly has us covered. We have gone straight to the source, combining a nutrient dense mix of Hemp, Brown Rice, Pea, Chia and Sacha Inchi protein, perfect for encouraging lean and toned muscle development, and speeding up recovery from an active lifestyle.*

- ✓ HIGHLY BIOAVAILABLE PLANT PROTEIN
- ✓ COMPLETE AMINO ACID PROFILE
- ✓ SPROUTED & ENZYMATICALLY PROCESSED
- ✓ NO ADDED SUGAR
- ✓ NUTRIENT DENSE & DELICIOUS
- ✓ VEGAN/VEGETARIAN FRIENDLY
- ✓ LACTOSE & GLUTEN FREE
- ✓ NATURAL MAGNESIUM BOOST

WHY HAVE WE USED HEMP?

Of all the proteins in the world, we believe hemp is the purest and most complete form of protein available. Containing all 9 essential amino acids, a perfect ratio of omega 3's and 6's, hemp is a nutrient-dense plant-based protein wonder. So obviously it was an easy decision to include it in our delicious plant protein blends! Hang on though, isn't hemp from the cannabis plant? That's correct, but don't stress. Hemp protein does not contain THC at levels that produce any psychoactive experiences. The only high you'll get from our protein is that great feeling caused by nourishing your body with the best nutrition available!*

WHERE DO OUR INGREDIENTS COME FROM?

We are not shy about declaring the origin of our ingredients! Why? Because we have nothing to hide. We proudly source all natural ingredients from across the globe, including Australia. It goes without saying, certain regions like South America are better for organic ingredients like Sacha Inchi & Chia Seeds. These ancient ingredients date back to the Aztecs and Incas (all the way back to 1500 BC!), so it makes sense to source them from the country with the richest history in cultivating the land and growing these plants. Where possible our ingredients are sourced from within Australia to help support local farmers and our product is proudly blended and packed in our Sydney, Australia facility. The end result? A pure product you can trust, with only the highest quality ingredients and integrity from source to consumer!

IS THIS THE WORLD'S MOST DELICIOUS, HEALTHIEST AND BIOAVAILABLE PROTEIN? WE THINK SO!

We have milled and blended this unique protein in a world-class Australian facility with all natural ingredients to maximise nutrient absorption.

With absolutely no nasties, like fillers or artificial ingredients, you get nothing but the best stuff, in the best ratios and most digestible form for you to enjoy, while your body reaps the benefits.*
