Second Chance is a unique supplement specifically formulated to nourish and boost hair, brow, lash and nail health. Say goodbye to bad hair days and to your skinny brows you plucked and tweezed in the 90's. Our formula promotes healthy hair and bold, full brows to help you look younger and more vibrant. Tired of empty promises from products that don't work? Second Chance was designed and endorsed by celebrity eyebrow artist, Tonya Crooks, who uses it with clients around the world to achieve the new trend of thick hair, lush lashes, and full, bold brows.

Tonya worked with a team of highly regarded scientists to create Second Chance. A blend of ingredients with omega-3 fatty acids, vitamins, antioxidants, plus green tea extract, that when combined have been known to promote hair growth, density and shine, as well as strengthen nails. Scientists studied hair chemistry, as well as other remedies, and formulated this unique blend that nourishes hair and nails from the inside, where it really makes a difference.

Use in conjunction with Second Chance brow & lash enhancement serum for best results.
