

WHAT IS KETO ANYWAYS?

The **Ketogenic Diet (Keto for short)** is a high-fat (75%), moderate-protein (20%), low-carb (5%) diet that forces the body to burn fats rather than carbs for energy. The liver breaks down fat into **Ketones (BHB)** that are used as a primary energy source.

Use **100% KETO FOOD** Ketogenic Meal Replacement Shake whenever you need a perfect keto meal on the go!

INTRODUCING 100% KETO FOOD™

FINAFLEX® 100% KETO FOOD™ is a Ketogenic Meal Replacement Shake built on the commonly accepted Ketogenic ratio of 75% Fat, 20% Protein, and 5% Carbohydrates. Are you on Keto but struggle to find food options that fit your dieting needs? **100% KETO FOOD™** was built with the Ketogenic Dieter in mind, creating a perfect Keto meal that can be used anytime during the day to promote and maintain Ketosis. Building the formula with MCT Powder and Whey Protein Isolate creates a smooth, full-bodied delicious Keto Milkshake-like Shake every time!

KETOGENIC MEAL REPLACEMENT SHAKE

100% KETO FOOD™ can be enjoyed in a variety of ways due to the versatility of the powdered drink mix. If mixing with a spoon or in a shaker cup, mix vigorously for 30 seconds to ensure powder is fully dispersed. For a thicker, more flavorful shake, mix with 6 ounces of water. For a thinner, milder flavored shake mix with 10 ounces of water. If you prefer to blend your shakes it is advised to add the liquid first and then add in the scoop of powder to prevent powder sticking to the sides of the blender.
