

Our Curling Gel Soufflé with Agave Nectar and Flax Seed Oil defines and promotes curls with a soft, smooth finish. Coconut and Flax Seed Oils nourish, hydrate and seal the hair shaft to protect against environmental stressors, and promote natural oil retention. Enriched with organic Shea Butter, our natural humectant complex moisturizes and conditions leaving hair with a frizz-free, lacquer-like shine. This product does not contain silicones, polymers or PVP which may cause buildup.

Apply sparingly on wet or dry hair. Comb through with a wide-tooth comb or fingers to shape curls. For tight coils, kinky or wiry hair, or for twist out styles, apply to wet hair for maximum control and sealing properties. Allow time to dry. When using a blow-dryer choose a cool setting. Apply to dry hair to reduce flyaways and frizz.

#### Our Story

Sofi Tucker started selling Shea Nuts at the village market in Bonthe, Sierra Leone in 1912. By age 19, the widowed mother of four was selling Shea Butter, African Black Soap and her homemade hair and skin preparations all over the countryside. Sofi Tucker was our Grandmother and SheaMoisture is her legacy. With this purchase you help empower disadvantaged women to realize a brighter, healthier future.
