Proven Probiotic LP-DG™ Strain

Unique Technology

Support and soothe daily digestive health while restoring microflora balance with our patented micro-shot system* Stable and viable probiotics in our dry-cap release into a sublime sip of liquid nutrients. No refrigeration needed.

A Perfect Blend

The liquid fiber FOS (fructooligosaccharides), known for its prebiotic and nutrient absorption benefits*, is instantly mixed with the acclaimed probiotic strain LP-DG™ (*Lactobacillus paracasei* CNCM I-1572) to create a genuine multi-mechanism dietary supplement.

Renowned Strain

One of the world's leading Lactobacilli strains featured in numerous human clinical studies, LP-DG™ is especially effective in supporting gut health by replenishing and rebalancing intestinal microflora.*
