UNLEASH YOUR POTENTIAL®

The same characteristics attributed to kings ultimately define all successful men: power and confidence, relentless drive and ambition, and the desire to achieve greatness and leave a lasting legacy.

Never before have these qualities been more attainable. Alpha King™, the strongest male vitality supplement to date from Force Factor®, delivers an enviable boost of free testosterone when paired with the resistance training that helps men build lean muscle.

More free testosterone leads to a heightened sexual appetite and noticeable increase in libido. It means more energy and better physical performance. It amplifies passion and virility, and it promises to give you the competitive edge you need to rise to the pinnacle of masculinity.

Bottom line, Alpha King's premium formula helps you experience fully what it means to be a man, and it endows you with the ability to truly Unleash Your Potential®.

DIRECTIONS

Take 1 capsule daily with breakfast.

AN ELITE NEW INGREDIENT

Alpha King's AlphaFen® is a new generation of fenugreek seed extract, with enhanced bioavailability to help boost free testosterone to elite levels. It is so powerful that you only need one small capsule per day to experience its full benefits.

The secret to AlphaFen's success resides in its high concentration of sapogenins, a constituent compound of fenugreek that is believed to block the enzyme responsible for converting testosterone to estrogen. Maximizing bioavailable sapogenins in the blood is the quickest way to ensure results.

Alpha King™ also includes traditional male sexual health ingredients, including DIM (diindolylmethane), tribulus terrestris, and black maca.

Overall, Alpha King is a formula you can literally feel working, helping you ascend to the crown of manliness.
