All women can benefit from daily usage of evening primrose oil (EPO), regardless of age or stage of her life. GNC Women's Evening Primrose Oil 1300 is a premium source, cold-pressed oil.

EPO is one of the most biologically active forms of gamma-Linolenic Acid (GLA). GLA is an omega-6 fatty acid that acts as a precursor to prostaglandins, hormone-like substances that help to regulate body processes including hormonal balance.\* Additionally, GLA provides support for smooth, healthy-looking skin.\*

Each softgel capsule delivers 1,300 mg of high-quality EPO; cold-pressed to retain all of the valuable nutrients naturally present in the raw EPO seed.
