CREATINE MONOHYDRATE

The most researched form of creatine available to help build more muscle strength and enhance recovery during workouts.▲ Our creatine undergoes rigorous testing, so it's our promise to you that it will deliver on purity, potency and effectiveness.

CREATINE HCL

A highly advanced and potent form of creatine.

CREATINE CITRATE

A unique complex of creatine and citrate, a metabolite that is involved in energy metabolism.▲

PEPFORM® CREATINE PEPTIDES

A cutting-edge form of creatine made from a proprietary process with advanced fractionation and separation technologies.

L-LEUCINE, ACTIVSPHERE® LEUCINE

A precise combination of two types of leucine – the most anabolic amino acid to help maintain an anabolic state.▲

FENUGREEK

Researchers believe that ingesting fenugreek in combination with creatine may be an effective way to improve creatine uptake similar to dextrose without having to ingest large amounts of simple sugars.

PRICKLY PEAR

Also known as *Opuntia ficus-indica*, it's a unique fruit containing polyphenols, with a long history of traditional use in Central Mexico.

HOW TO TAKE

Mix 1 serving (1 rounded scoop) in a shaker cup or water bottle with 8 oz. of water and drink immediately after mixing. As with all creatine products, maintain an adequate state of hydration during use.
