HUMBLE BEGINNINGS

Nubian Heritage is the brainchild of two New York street vendors. In 1992, fresh out of college and without jobs, Rich and Nyema embarked on a mission to produce luxurious natural products from traditional African recipes with organic and fair trade ingredients. Today Nubian Heritage offers hundreds of culturally authentic natural products inspired by global ancient healing philosophies. Although Nubian Heritage products are no longer made in bath tubs, little else has changed; the company still makes its own products, still uses fair trade and organic ingredients and still invests in community commerce.

HERITAGE

Neem Oil forms the foundation of Ayurveda, the ancient Indian practice of natural health. Neem Oil's ability to hydrate and moisturize has been documented in Sanskrit and is complemented by Indian Hemp, cultivated for skin care in China, as early as 4000 BC. Vetiver, the "oil of tranquility," is native to Asia and is known for its calming soothing scent. Emphasizing the ingredients' soothing properties, our package is reminiscent of the Indian Hemp leaf and celebrates India's long textile history going back over four thousand years ago.
