Nourish Your Body's 3 "Beauty Proteins"- Naturally!†

The condition of your skin, hair, and nails depends on three proteins:

Collagen "plumps" skin, removing wrinkles and preventing them from forming.† In addition, collagen is essential for strong, healthy bones and joints.†

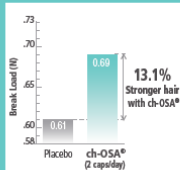

Keratin is the protein that's packed into your hair shaft. It gives your hair thickness, body, strength, and elasticity.† Plus, keratin gives your nails strength and clarity.†

Elastin gives your skin its ability to stretch and "bounce back" preventing fine lines and wrinkles.†

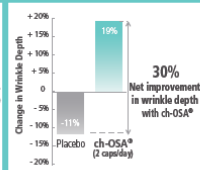

With age, collagen, keratin and elastin decline.

BioSil®, with clinically proven ch-OSA®, is specifically formulated to help nourish your body's 3 beauty proteins and restore them to more youthful levels.†

Strengthens Hair
First 36 Weeks

Reduces Depth of Wrinkles
First 20 Weeks

The Breakthrough in Collagen!

Collagen is essential for beautiful skin, hair and nails as well as healthy bones and joints.† But starting at age 21 collagen diminishes, reaching 1 % loss per year at age 40. By age 30, the signs become visible. For years, scientists searched for a method to give the human body the ability to regenerate its own collagen. But it took BioSil's landmark discovery of ch-OSA® to make it a reality.† Its capacity to generate collagen with your own DNA fingerprint makes ch-OSA® the genuine breakthrough in collagen.†

VEGETARIAN

Consult your healthcare professional prior to use if you have or suspect a medical condition, are taking prescription drugs, or are pregnant or lactating.

THIS PRODUCT DOES NOT CONTAIN SOY, DAIRY, EGG, CORN, WHEAT, GLUTEN, FISH/SHELLFISH, NUTS/TREE NUTS.
