

30% INCREASE

IN MUSCLE STRENGTH IN JUST 8 WEEKS*

* An 8-week, randomized, double-blind, placebo-controlled study of 33 healthy men compared the effectiveness of this proprietary module of whey protein and leucine vs. an isocaloric carbohydrate placebo consumed before and after resistance training. Subjects consuming the leucine-whey protein supplement experienced greater increases in muscle strength than those on the placebo. Leucine-whey protein supplementation also increased muscle cross-sectional area from baseline.

† When used in conjunction with an exercise program.
 ‡ In an 8-week, randomized, double-blind, placebo-controlled study of 30 healthy male volunteers comparing 1 set resistance training (RT) + active or carbohydrate placebo to 2 sets RT alone with no supplement, the active group showed equal gains in maximal muscle strength and muscle endurance compared to the control group.
 § In a randomized, double-blind crossover clinical trial that included 20 recreationally trained, healthy male subjects, those taking 10 g whey protein isolate plus 10 g leucine immediately post-workout showed significant increases in key protein (p70S6k & rpS6) associated with muscle protein synthesis.

Products bearing this logo have been tested for banned substances by LGC Science, Inc., a world-class anti-doping lab. *Product was tested for over 145 banned substances on the 2017 World Anti-Doping Agency (WADA) Prohibited List via LGC skip lot testing protocol #ICP0307. ADVANCED MUSCLE PERFORMANCE

WHEYBOLIC™

CLINICALLY PROVEN PERFORMANCE PROTEIN

Proven to Increase Muscle Strength & Size in Just 8 Weeks**

Ultra-Pure, Fast-Absorbing Whey Protein Isolate & Hydrolysates

40g PROTEIN

15g BCAA

10g LEUCINE

1g VELOSITOL®

COOKIES AND CREAM

NATURAL + ARTIFICIAL FLAVORS

DIETARY SUPPLEMENT

NET WT 54.67 OZ
 (3.42 LB) 1550 G

CODE 386551

HSG

DIRECTIONS: As a dietary supplement, consume 2 scoops in 8 fl. oz. of cold water or your favorite beverage. WheyBolic™ can be consumed first thing in the morning, pre-workout, and/or post-workout. For maximum results, reference usage benefits and consume 2 scoops twice daily.

SUPERIOR PERFORMANCE PROTEIN

Enhanced with More LEUCINE & BCAA than Standard Whey Protein

Elevated Muscle Fuel with a Premium 4:1:1 BCAA Ratio for Muscle Growth & Recovery^*

Features Only Premium, Ultra-Pure, Fast-Absorbing Protein

Only Whey Hydrolysates and a Clinical Core of Whey Isolate & Leucine to Improve Strength & Post-Training Anabolic Response^**

Enhanced with VELOSITOL® & PROHYDROLASE®

To Accelerate Muscle Protein Synthesis & Absorption of Amino Acids for Efficient Use by Muscles^**

USAGE BENEFITS

For Pre-Workout & Cardio

Clinically Proven Support for Strength, Performance & Stamina^***

For Post-Workout & Cardio

Provides Fast-Absorbing Whey Isolate & Hydrolysates Plus BCAA to Fuel Anabolic Muscle Support & Recovery^**

On Non-Training Days & Between Meals

Provides High-Quality Protein & Critical Amino Acids to Fuel Muscles while you Recover from Intense Training^**

If it's on our labels, then it's in our bottles. Full dosing, full transparency and no proprietary blends. Clinically studied ingredients backed by real science. The most effective and premium performance protein available. Train harder.
