✓ **Gluten-free** ✓ **Preservative-free**

\*This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.

**Co•QH (Ubiquinol)** is the reduced form of CoQ<sub>10</sub>. Because CoQH is the active antioxidant form of CoQ<sub>10</sub>, it is highly bioavailable and therefore more active inside the body (gram per gram) than CoQ<sub>10</sub>. CoQH supports the body's cardiovascular and energy systems by promoting the production of ATP.\*
