

MY GUARANTEE

Dextrose is a highly effective and cost-efficient post-workout carbohydrate. Research supports that it aids in replenishing muscle glycogen levels and optimizes the uptake of creatine and carnitine by the muscle fibers.* This is why Post JYM Fast-Digesting Carb (Dextrose) and Post JYM Active Ingredient Matrix are the perfect combination. When taken together, the Post JYM system of active ingredients and fast carbs optimizes recovery from workouts and building muscle mass & strength.* Plus the delicious taste of Post JYM makes it a supplement you will look forward to drinking after every workout. I know that I do! Hit the JYM!
