 with Vitamin D3

DIETARY SUPPLEMENT

To ensure maximum freshness, we manage our **Baby's DHA** from sea to shelf. We source the highest quality wild Norwegian Arctic cod using traditional, sustainable methods. The same day our fish are caught they are transported to a Norwegian facility for processing and purification. Baby's DHA is bottled with a touch of natural vitamin E to prevent oxidation and is tested by a third-party, FDA-registered laboratory for freshness, potency, and purity.
