Why Should You Cleanse?

We live in a toxic world. Toxins come from many sources, including:

- Pollution
- Pesticides and fertilizers
- Hormones used in raising livestock
- Processed foods

The Bad News: The vast amount of toxins in our environment create a real challenge for your body's built-in detoxification system.

The Good News: You can rely on Whole Body Cleanse to rejuvenate, reformat and detoxify your body.* Periodic cleansing supports digestive and liver health which can be beneficial for skin health and weight management.*

Welcome to Whole Body Cleanse.*

Experience Real Rejuvenation with Fiber!

Why Fiber?

Fiber's key role in Whole Body Cleanse is to absorb and eliminate toxins.* Toxins bind to the fiber and are carried out of the body. Without fiber, toxins may be re-absorbed and you cannot thoroughly detoxify.*

Whole Body Cleanse® has unique fiber that:

- Dissolves completely. Many fiber capsules do not dissolve, which limits their ability to absorb and remove toxins.
- Contains psyllium rather than flax for more thorough cleansing.*
