

Vital Proteins' Beauty Collagen™ is a nourishing elixir for glowing skin and beauty both inside and out.**

We believe that whole-food-based nutrition containing collagen is beneficial for looking and feeling your best.** Compared to our ancestors, our diets today contain less collagen, and this natural protein has been removed by modern food processing. We are committed to providing products that help supplement and enrich your diet with collagen.

Transport yourself to a spa-like oasis with Vital Proteins' Beauty Collagen™. A deliciously subtle blend of strawberry and lemon, this elixir is packed with an additional punch: 12g of collagen peptides. Collagen is the most abundant protein in the body, supporting the vitality of your skin & hair, as well as bones & joints.**
