

It's the joy of riding your bike on a sunny spring afternoon, as the warm breeze blows through your hair. It's the sweetness of a warm gooey cookie Grandma would sneak you before dinner, fresh out of the oven, melting in your mouth. These are the joys we seek to inspire. This is the sweetness we seek to share.

Suggested Use

Add one packet to your food or beverage.

Maltodextrin is a carbohydrate. It is used to make measuring the NuStevia extract easier and acts as a filler so the concentrated extract can be put into packets.

NuNaturals NuStevia should not affect blood sugar levels in most individuals. NuStevia is great for people wanting to control the calories in their diet.
