## BURN FAT AND GET LEAN...NATURALLY\*

BURN™ is a unique thermogenic supplement scientifically formulated to promote increased metabolism and control appetite. BURN™ is a breakthrough nutritional support formula to optimize your body's metabolism. L-Carnitine HCl transports fat into the mitochondria where it works in concert with other metabolism promoters, specifically PurTea® (organic green tea extract), PurCaf® (organic green coffee bean caffeine), and Capsimax®. Capsimax® is a natural fat burning aid, which helps to deliver the maximum benefits from capsaicin. They all work together to create an advanced thermogenic formula.

The essential ingredient of BURN™ is derived from red chili peppers. It is a highly concentrated natural extract known as capsaicinoids. BURN™ has a high Scoville heat index of 500,000 units. The capsaicinoid is encapsulated in a protective bead to prevent oral or stomach distress. The benefit of capsaicin is to induce lipolysis (natural fat burning) in the body\*.

- No Synthetic Stimulants
- 150 mg of Combined Caffeine Per Serving
- Supports Appetite Suppression and Weight Loss\*\*
- Free of Banned Substances
- Stackable with CON-CRET®

\*When combined with proper diet and exercise in a Healthy Weight Management Program
