

SX-7

RESEARCH-BACKED INGREDIENTS. CLINICAL DOSES. FULL TRANSPARENCY. ALL POWER.

New Shatter™ Black Onyx® is a powerful pre-workout built with scientifically validated key ingredients to unleash explosive energy, mental focus, strength, performance and muscle pumps. It's an instant impact you feel minutes after a single scoop from the most uncompromising pre-workout in the game.▲

► Superior Pumps & Performance

New Shatter™ Black Onyx® delivers a superior combination of L-citrulline malate, beta-alanine and PEAK ATP® for the best in muscle pumps and performance. In fact, our clinical dose of PEAK ATP® has been shown in 12-week, independent university research to boost strength more than the placebo group and help subjects gain 90% more lean muscle than the placebo group. Even better, these same subjects gained 8.8 lbs. of lean muscle versus the placebo group, which only gained 4.6 lbs. It's also been shown in research to enhance nitric oxide mediated blood flow with training, which means it works with our powerful doses of L-citrulline malate and hawthorn for better pumps than the other guys!▲

Wilson et al., 2013. *Nutrition & Metabolism*. 10:57.

► Ultimate Neurosensory Effects

Our extreme neurosensory blend is the only one that combines caffeine for enhanced mental focus and alertness, along with alpha-GPC, TeaCrine® and alpinia for the ultimate neurosensory effect.▲

MuscleTech® is America's #1 Selling Bodybuilding Supplement Brand based on cumulative wholesale dollar sales 2001 to present.

Distributed by Iovate Health Sciences U.S.A. Inc. 1105 North Market Street, Suite 1330, Wilmington, DE 19801. Made in the U.S.A. from international ingredients. © 2018. For lot no. and expiry date: see bottle.

DIRECTIONS: To assess your tolerance, take a 1/2 serving (1/2 scoop) with 7 oz. of water for up to three days. Once your tolerance has been assessed, take 1 serving (1 scoop) with 14 oz. of water and consume 30 to 45 min before your workout. Do not exceed 1 scoop within a 24-hour period.

WARNING: Not intended for use by persons under 18. Do not use if pregnant or nursing. Consult a medical doctor if you have a medical condition or before starting any diet or exercise program. One serving of this product contains up to as much caffeine as 4 cups of coffee. Caffeine-sensitive individuals may experience the following symptoms including (but not limited to) restlessness, nervousness, tremors, headache, anxiety, palpitations, increased heart rate or difficulty sleeping. Do not combine with other sources of caffeine or stimulants. Some individuals may experience a harmless tingling sensation from the concentrated performance dose of beta-alanine. **KEEP OUT OF REACH OF CHILDREN.**

Shatter™ Black Onyx® is manufactured according to cGMP standards, as is required for all dietary supplements.

Do not use if packaging has been tampered with. Store in a cool, dry place (60°F to 80°F).
