Clinical Study Shows Nearly TWICE the Relief!

Instaflex® Oxygenated Pain Relief Cream
vs. Menthol-Only Pain Cream

Instaflex®
PAIN RELIEF

2x
the relief!

NEARLY
TWICE AS
EFFECTIVE!

Menthol
cream
after 7
days

A randomized, double-blind, placebo-controlled study found that Instaflex Pain Relief Cream was nearly 2x as effective at relieving pain as a comparable menthol-only rub. Adult subjects using Instaflex reported improvements in pain, mobility, and flexibility.
