

## America's #1 Anti-Aging Therapy

Human growth hormone, or HGH, has been associated with initiating multiple beneficial effects throughout the body, such as strengthening the underlying structure of your skin, stimulating collagen production, causing fat cells to shrink, and more.

SeroVital's Renewal Complex is clinically validated and is a safe and natural way to increase your HGH to more youthful levels.\* Experts believe HGH can help reduce fine lines and wrinkles, boost mental acuity, decrease body fat, promote deeper, more restorative sleep, support immunity, and increase energy.

SeroVital® boosts your natural production of HGH\*

\*SeroVital's Renewal Complex is protected by U.S. Patent Numbers 8,551,542; 8,715,752; 8,722,114; 8,734,984; 8,747,921; 8,747,922; 8,765,195; 8,808,763; 8,806,764; 8,815,311; 9,066,953; 9,198,989; 9,258,023; 9,339,490; and Canadian Patent Number 2940809.

\*\*SeroVital is clinically validated to naturally increase human growth hormone levels and improve sleep quality, which both decline with age.\*
