

# AWARD-WINNING, EASY-MIXING, FAST-DIGESTING, ISO100<sup>®</sup> HYDROLYZED 100% WHEY PROTEIN ISOLATE<sup>^</sup> FOR MUSCLE SUPPORT.

Each serving contains 25 grams of protein from easy to mix, easy to digest, great-tasting, fast-absorbing, 100% whey protein isolate.<sup>^</sup>

## THE DIFFERENCE BETWEEN HAVING GOALS & CRUSHING THEM IS ISO100.

ISO100 is simply muscle-building fuel. If your goal is gaining muscle size and strength, then ISO100 is your perfect workout partner. Loaded with muscle-building amino acids, ISO100 can support even the most serious resistance-training programs.

## BENEFITS BEYOND THAT OF TYPICAL PROTEIN POWDERS.

The protein in ISO100 is a combination of hydrolyzed and whey protein isolates, without any fillers or added supplements. The hydrolyzed whey protein isolate has been partially broken down into smaller proteins and peptides, ensuring rapid and easy digestion for optimal absorption of muscle-building amino acids.

Available in a variety of delicious, indulgent flavors, ISO100 is the perfect before-workout, after-workout, anytime protein.

## KNOWN WORLDWIDE FOR QUALITY, TASTE AND PURITY.

ISO100 is formulated using a cross-flow microfiltration, multi-step purification process that preserves important muscle-building protein fractions while removing excess carbohydrates, fat, lactose, and cholesterol.

## REAL SCIENCE & QUALITY

Dymatize<sup>®</sup> proteins are formulated based on the latest science and have been tested in university studies and at elite training facilities. Dymatize protein powders are always manufactured in GMP Certified facilities, meaning that all ingredients and final products are rigorously tested and validated clean and safe. They are banned substance tested for athlete's reassurance by Informed Choice<sup>®</sup> ([www.informed-choice.com](http://www.informed-choice.com)).

## DYMATIZE PROTEIN ETHICS

100% of the protein claimed per serving is derived from high-quality, intact proteins. We do not amino spike.
