

ENHANCED PERFORMANCE WITH DELICIOUS CREATINE CHEWS*

MuscleTech® Creatine Chews are the perfect addition to your supplement stack. Each serving (3 chewable tablets) provides 3 g of Creapure® creatine monohydrate in a tasty and convenient candy-like chew!

MORE POWER & RECOVERY*

Creatine helps to rapidly enhance your muscle cells' ability to regenerate adenosine triphosphate (ATP), the body's primary source of anaerobic energy. With higher ATP levels, you'll be able to train harder and recover faster — allowing you to do more work in less time.*

4X MORE LEAN MUSCLE*

In a 12-week study, test subjects taking the same amount of creatine in two servings of Creatine Chews gained over four times more lean muscle than subjects using a placebo (7.1 lbs. vs. 1.3 lbs.).*
