OUR 3x TESTING
WE DON'T CUT CORNERS!
In order to know if a product meets label claim, it must be tested AND verified. Few supplement companies have the capability to test in-house, but at EFX Sports® we have an on-site lab that verifies ALL of our products are SPOT ON!

Keep out of the reach of children. Protect from heat, light and moisture. Store at 59-86°F (15-30°C).

NEUTRAL

SUGGESTED USE: As a dietary supplement, take one scoop (50 grams) of Karbolyln® Fuel and mix into 16 Oz of water in a shaker cup. Use as directed below.

BEFORE TRAINING
Drink 1 serving 30 minutes before exercise.

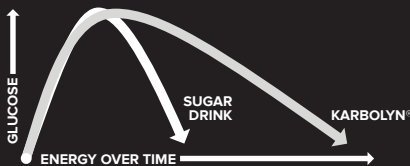

DURING TRAINING
Sip on 1 serving during exercise.

AFTER TRAINING
Drink 1 serving after exercise.

LONG LASTING FUEL... WITHIN MINUTES!

Derived from potato, rice and corn, Karbolyln® is a fast-acting, long-lasting, high-performance compound that offers the best of both simple and complex carbohydrates.*

Karbolyln® is absorbed into the bloodstream like a simple sugar but without the typical crash caused when your muscles run out of fuel. It has also been shown to be absorbed as quickly as pure Dextrose (a simple carbohydrate). Yet, it still provides sustained energy without "crashing".*

DON'T TAKE OUR WORD FOR IT...WHAT DOES THE STUDY SAY?

The Clinical Study sought to document whether or not Karbolyln® has a positive and sustainable impact on blood sugar levels in normal adults during aerobic activity. Data obtained from participants indicated that a simple sugar promoted a steep drop and subsequent "crash" at a predictable point in time. Karbolyln® gave an overall smoother decline in blood glucose level.*

Karbolyln® Study Data - Re: IRB No : 29443/1; KL-001 - Study; July 2014-March 2015
