* Percent Daily Values are based on a 2,000 calorie diet.

** Daily Value (DV) not established.

OTHER INGREDIENTS: Dicalcium phosphate, maltodextrin, gelatin (bovine), glycerin, stearic acid, magnesium stearate, microcrystalline cellulose, carob extract, purified water, silicon dioxide, pharmaceutical glaze. **Contains Shellfish (crab/shrimp shell).** Made in a cGMP and HACCP certified facility on equipment that processes milk, soy, egg, peanuts, tree nuts, fish, shellfish, wheat, and sesame.

INGREDIENT NOTES: Cetyl Myristoleate is patented by EHP Products (U.S. Patent #5,569,676).

DOSAGE: Unlike regular joint supplements, you only have to take a single daily dose of Animal Flex®. Easy. Potent. Effective. Just take a pack of Animal Flex® with any meal during the day and you're set—doesn't matter which meal it is. That's it. As a "core" or foundational supplement, use Animal Flex® daily—on both training and non-training days. No need to "cycle" it.

PRODUCT NOTES: You can and should use Animal Flex® to support your joints, day in and day out. Think of Animal Flex® as nutritional "insurance", like Animal Pak®. Slight tablet discoloration may occur. Rest assured, this is normal and happens when tablets and softgels touch during settling. Efficacy and potency are not affected.

WARNING: Exercise good judgment and keep this out of reach of children. Consult your physician before use if you are pregnant, nursing, have a medical condition, or are taking any medication. To keep it as fresh as possible, store this product in a cool, dry place, away from heat, moisture and sunlight. You know the drill.
