Fill Line

Minimum fill line after settling. This product is sold by weight, not volume. The density of the powder varies, and significant settling of powder may occur during shipping and handling. This product contains the servings indicated when measured by weight.

**Recommended Use:** As a dietary supplement, mix 1 serving in 10-14 fl. oz. of water (adjust for taste preference) and shake well. On training days, consume 1 serving during exercise and 1 serving after exercise. On non-training days, consume 2 servings throughout the day. For best results, use 2 servings per day.
