

Better Absorption & Higher Concentration for Whole Body Benefits

GNC's 97% High Purity Fish Oil is our highest concentration Omega-3 product. Unlike other products on the market that provide Omega-3s in the ethyl ester form, GNC's highly purified fish oil is in the triglyceride form (the way nature intended). This helps you absorb more Omega-3s so you get the most health benefits, such as:

Superior Quality & Transparency

GNC's 97% High Purity Fish Oil is third-party tested to meet strict quality standards. Plus, each ultra-concentrated, mini softgel is small and easy-to-swallow.

IFOS™ Tested & Certified

The International Fish Oil Standards (IFOS™) Certification ensures the purity and quality of fish oil products. Every lot is tested for:

- Potency & Omega-3 Content
- Contaminants such as Heavy Metals & Pollutants
- Stability & Freshness
