SELECT PROTEIN™ The Science–Based Protein

Do You *Just* Whey?

If you're a regular protein user, there's something you **need to know**. When it comes to optimally building lean muscle, 100% whey protein is NOT THE KING like you've been led to believe.

Nature has it right. When researchers tested a combination of **whey protein + casein protein**, as found naturally in milk protein, they discovered that the two protein sources work together in a synergistic manner to build lean muscle.

Researchers have also found the combination of whey protein **with** casein protein results in a **quick increase in protein synthesis** along with a **sustained elevation in plasma leucine levels**.

It is important to consume both whey and casein protein together. That is why we have formulated SELECT PROTEIN with Milk Protein Isolate, the first ingredient of our formula, which is comprised naturally of both casein and whey protein. This combination acts in a way that 100% whey protein cannot.

This is the science SELECT PROTEIN™ is formulated from...a combination of the highest quality Milk Protein Isolate and Whey Protein Concentrate 80%.

Amino Acid Composition

Essential Amino Acids Typical Amount per Serving: ~ 10 g	
Isoleucine*	Phenylalanine
Leucine*	Threonine
Lysine	Tryptophan
Methionine	Valine*

Conditional Amino Acids Typical Amount per Serving: ~ 9 g	
Arginine	Histidine
Cysteine	Proline
Glutamic Acid	Tyrosine

Non– Essential Amino Acids Typical Amount per Serving: ~ 4.5 g	
Alanine	Aspartic Acid
Glycine	Serine

* ~ 5 g BCAAs

GLUTEN FREE

Directions: Mix one scoop of SELECT PROTEIN with ~8 oz cold water. Amount of water can be adjusted to meet your taste preference. To increase your protein intake per serving or to achieve a richer taste, use non-fat or low fat milk, or a milk substitute. Consume enough protein to meet your daily protein requirement through a combination of high protein foods and protein supplements.

Pregnant or nursing women should not use this product without first consulting their physician. Discontinue use and immediately consult your healthcare professional if you experience any adverse reaction to this product. Do not use if safety seal is broken or missing.

STORE IN A COOL, DRY PLACE. CONTENTS SOLD BY WEIGHT NOT VOLUME.
