

Green Tea Extract contains health-promoting polyphenols including epigallocatechin-3-gallate (EGCG), an antioxidant that helps protect the body against oxidative stress.[†] The polyphenols contained within green tea extract help support metabolism and healthy weight management.[†] One serving of Green Tea Extract provides the benefits of approximately three cups of green tea.[†]

Warnings: Pregnant or lactating women and people with known medical conditions and/or taking drugs should consult with a qualified healthcare practitioner prior to taking dietary supplements. Discontinue use and consult your doctor if any adverse reactions occur.
