

VITAMIN D-3 + K-2 helps support healthy bones, muscles, and heart. Vitamin D-3 is the body's preferred form of Vitamin D, which is crucial for proper absorption of calcium and phosphorus. Higher absorption rate helps support bones and heart health. Pairing Vitamin D with K-2 can help maximize the benefits of Vitamin D-3. The combination helps support calcium absorption and direction to the bones.

SUGGESTED USE

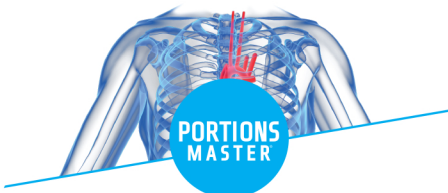

1 tablet taken 1 to 3 times daily, preferably with meals or as directed by a healthcare professional. For best results, chew tablet thoroughly before swallowing.

CAUTION

Do not exceed recommended dose. Pregnant or nursing mothers, children under 18 years of age, individuals taking anti-coagulant drugs, such as Coumadin/Warfarin, and individuals with a known medical condition should consult a physician before using this or any dietary supplement. This product is manufactured and packaged in a facility which may also process milk, soy, wheat, egg, peanuts, tree nuts, fish, and crustacean shellfish.
