## WHY D3 K2 TRIPLE MAG?

Vitamin D deficiency is common, causing weak bones and low immunity. Our daily dose of Vitamin D<sub>3</sub> (1,500 IU) helps bridge this gap and increases calcium absorption. Vitamin K<sub>2</sub> helps guide calcium into bones and away from arteries, while Magnesium enhances vitamin D metabolism and promotes **Muscle and Nerve Function**. This balanced trio (with three highly absorbed forms of Magnesium) works in harmony to promote **Healthy Aging** from the inside out by supporting **Stronger Bones, Immunity, and Arterial Health**.\*

## WHY NUTRI?

At Nutri we believe in making the highest quality and most effective products on the market, so that you can be confident that you're getting the best of the best.
