1 Billion CFUs

-  Clinically-studied probiotic
-  Excellent source of Vitamin D
-  Vegetarian
-  No artificial colors, flavors, or sweeteners

Pro tips for your biotic journey.

Stay consistent. Probiotics work best when they're part of your daily routine. A little gas or bloating at first is normal—it's just your gut adjusting to the new bacteria.

Give it time. You'll feel more balanced in a few weeks and notice a real glow-up in a few months.[‡]
