GNC Triple Strength Fish Oil Plus CoQ-10 combines two premium ingredients that support heart health.\*

### Triple Strength Fish Oil

Our Triple Strength Fish Oil is packed with Omega-3s, including EPA, which is clinically shown to support heart health.\* What's more, EPA supports circulatory health, as well as normal, healthy triglyceride and cholesterol levels, joint health and the body's natural anti-inflammatory response.\*

Omega-3s also provide support for healthy vision, brain development and skin health.\*

### CoQ-10

CoQ-10 helps support heart health and a healthy cardiovascular system. Plus, CoQ-10 is beneficial for those taking statin drugs.\*\*

<sup>^</sup> Consumption of Omega-3 fatty acids may reduce the risk of coronary heart disease. FDA evaluated the data and determined that, although there is scientific evidence supporting the claim, the evidence is not conclusive.

\* Statin drugs can reduce the amount of natural CoQ-10 within the body. Supplementing with CoQ-10 helps replenish CoQ-10 levels within the body. CoQ-10 is not a statin replacement and does not lower cholesterol. Consult your doctor before discontinuing any medications when taking CoQ-10.

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

#### OUR QUALITY COMMITMENT TO YOU

Since 1935, our mission as the industry leader has been to provide you with the highest-quality nutritional supplements. We continue to stand behind this mission. If you're not 100% satisfied with your purchase, return the unused portion of the product with your receipt within 30 days and we'll either refund your money or find you a replacement product that is right for you.
