

No Preservatives
No Artificial Flavors

No Artificial Sweeteners
No Artificial Colors

DID YOU KNOW... 3 in 4 people are chronically dehydrated? Water makes up about 2/3 of who we are and influences 100% of the processes in our body. Optimal hydration is the key to our body's performance – whether on the job, at the gym or living life to the fullest.

THE KEY TO HYDRATION IS UPTAKE, NOT INTAKE. Conventional hydration products are not optimized for absorption. Our body's absorption of water is absolutely dependent on the co-transport of electrolytes, particularly sodium, and glucose.

CELLULAR TRANSPORT TECHNOLOGY (CTT) – HYDRATION OPTIMIZED. The Patent Pending science of CTT is based on an optimal ratio of nutrients that delivers hydration directly to your bloodstream, hydrating you 2–3x faster and more efficiently than water alone!

Mined Salt + Potassium + Cane Sugar + Water = CTT

The Liquid I.V. Nutrient Delivery System utilizes CTT to combat the effects of dehydration caused by active lifestyles, intense physical exertion, jet lag, and more. Here to help fuel—or recover from—life's adventures, Liquid I.V. optimizes the benefits of water.

FEEL THE LIQUID I.V. DIFFERENCE FOR YOURSELF!

- Electrolytes:** 3x more than sports drinks
- Potassium:** More than a banana
- Vitamin C:** More than an orange

OUR MISSION: DEFEATING DEHYDRATION GLOBALLY

The science utilized in Liquid I.V. was originally developed by the World Health Organization (WHO) to save lives from dehydration. We remain true to our give-back roots by donating thousands of servings of Liquid I.V. every year to help people suffering from dehydration around the world. When you choose to hydrate with Liquid I.V., it helps others do the same. Your purchase directly impacts the lives of those who need it most.

OUR STORY

Liquid I.V. was founded in 2012 by two best friends from the beaches of Santa Monica, CA. As collegiate athletes, Brandin and Hayden were sick of consuming sports drinks filled with artificial colors, flavors, sweeteners, and preservatives. So they partnered with a group of world-renowned nutrition scientists to create a line of healthy, effective, and great tasting products based on a breakthrough nutrient delivery system.

*Percent Daily Values are based on a 2,000 calorie diet. Your daily values may be higher or lower depending on your calorie needs:

	Calories:	2,000	2,500
Total Fat	Less than	65g	80g
Saturated Fat	Less than	20g	25g
Cholesterol	Less than	300mg	300mg
Sodium	Less than	2,400mg	2,400mg
Potassium		3,500mg	3,500mg
Total Carbohydrate		300g	375g
Dietary Fiber		25g	30g

This breakthrough hydration science depends on cane sugar strictly for function, not taste.

INGREDIENTS:

Cane Sugar, Dextrose, Citric Acid, Salt, Potassium Citrate, Sodium Citrate, Natural Acai Flavor, Dipotassium Phosphate, Silicon Dioxide, Rebudioside-A (Stevia Leaf Extract), Vitamin C (Ascorbic Acid), Vitamin B3 (Niacinamide), Vitamin B5 (D-Calcium Pantothenate), Vitamin B6 (Pyridoxine Hydrochloride), Vitamin B12 (Cyanocobalamin)

SUGGESTED USE:

Add 1 stick pack to 16oz of water and mix thoroughly before drinking. Take as needed to support hydration. Multiple servings can be consumed. Recommended by doctors and safe for kids. Store in a cool, dry place. When exposed to moisture or heat, product may crystallize but is still effective and safe for consumption.
