

BodyManual™
Know Your Body Know Your Health

SUPER GREEN FOODS help nourish your cells with vital enzymes and micro-nutrients to boost cellular health and well-being.

ZERO Sugar Added

SUPER GREEN Foods contains NO SUGAR. This is important because sugars can prevent the absorption of some nutrients into the cell structure. Besides... who needs more sugar in their diet?

Helps Boost Cellular Health

SUPER GREEN Foods is a whole food supplement which means that it contains all the support nutrients present in the plant source as opposed to just isolated vitamins and minerals. These support nutrients, such as enzymes and phytochemicals, are vital to the health of your body.

The PURPOSE of SUPER GREEN Foods is to provide a wide array of the most healthy reens all in one serving. These plants provide many of the vital nutrients necessary for health along with all of the associated nutrients that are contained in each plant. These associated nutrients are vital to overall health.
