OUR WINNING DIFFERENCE

The science of **Cellular Transport Technology (CTT)®** is an optimal ratio of nutrients that delivers hydration rapidly to your body, hydrating you 2-2.5x faster and more efficiently than water alone.

Water + Sodium + Potassium + Glucose + Micronutrients = CTT®

This leading science depends on **NON-GMO** sugar + mined salt strictly for function, not taste.

Think of CTT® as an expedited water delivery system in your body.

The Result: Feel Better. Faster.
