

We took **Nugenix® Ultimate**, the ELITE testosterone formula with 8 key ingredients, and *made it even better*. We added *more* concentrated extracts—instead of powders—for maximum potency. We upgraded our boron for optimal absorption and bioavailability. Then, scientists at qualified third-party labs tested each key component to confirm identification, quality and purity that meets our stringent standards. The result is **Nugenix® Ultimate**: one of the strongest, purest, and most powerful men's formulas available.

PRECAUTIONS: Only for adult males over 18 years. Use only as directed. Consult your healthcare practitioner if you have or suspect a medical condition or if you use any medications as extracts may alter the potency and/or side effects of certain medications. Discontinue use two weeks prior to surgery or if any serious adverse reaction occurs. Do not use if safety seal is missing.

Warning: DO NOT Exceed Recommended Dose
