

# PREMIUM INGREDIENTS PREMIUM RESULTS.

## WHAT IS IT?

MuscleSport's™ Lean Whey™ Iso Hydro is a premium protein supplement formulated by the Supp Chef™ who is the worldwide leader in gourmet flavored protein options.

Lean Whey™ Iso Hydro boasts the highest quality and most easily digestible protein sources available. Lean Whey™ separates itself from the competition by utilizing a Fat Metabolizing Matrix. A Blend of Fibersol™ Fiber, L-Carnitine, CLA (conjugated linoleic acid) and MCT's, synergistically working together in optimizing your body's fat metabolism.\*

## SUGGESTED USE:

Take 1 serving (1 Scoop) of LeanWhey Revolution™ with 8-10 oz of cold water or any favorite beverage of your choice. For optimal flavor & consistency, mix in a blender with ice.

For adult use only. Do not use if pregnant or nursing. Consult a medical doctor if you have a medical condition or before starting any diet or exercise program. NOT A LOW-CALORIE FOOD. Very low-calorie protein diets (below 400 calories per day) may cause serious illness or death. Do not use for weight reduction in such diets without medical supervision.

KEEP OUT OF REACH OF CHILDREN. Discontinue use two weeks prior to surgery. Store in a cool, dry place

Fill Weight Statement: Bottles are filled to weight and sold by weight not volume. Due to unavoidable product settling during shipping and handling, a natural occurrence with powders, the powder height level may vary from bottle to bottle. Powder density may also be affected as a result of settling which could possibly cause slight variations in scoop serving size.
